### Call for Articles for the New Forum of Mössbauer Review

**Here, we would like to invite all Mössbauer colleagues** submitting articles for the new forum of *Mössbauer Reviews*.

From the 3401 issue, a new forum: *Mössbauer Review* was added to the Mössbauer Spectroscopy Newsletter of MERDJ. It is to provide a comprehensive, authoritative, critical, and readable review or summary on recent imposing Mössbauer research. It is planned to publish every two issues.

Please submit your article to this new forum. You can write an account, technical report, extended summary of thesis, dissertation or patent. The advisors of our MEDC International Advisory Board will check your article. Once the article is accepted for publication, we will award you one-year free electronic version of Mössbauer Spectroscopy Newsletter via e-mail. We have no page limit, however, within 10-printed-journal pages are perfect. We prefer your article in WORD format by e-mail.

Contact address: Mössbauer Effect Data Center, Dalian Institute of Chemical Physics, Chinese Academy of Sciences, 457 Zhongshan Road, Dalian 116023, China, Phone: +86-411-84379159, Fax: +86-411-84685940.
