

Notice

PLEASE TAKE A NOTICE that the following schedules have been modified in the programme of the ISIAME2012 after the book of Programme & Abstracts is published.

September 3 (Mon.)

Session 3 In Memoriam Igor Petrovich Suzdalev [15:50-17:00]

Invited Talk-12 (15:50-16:30)

J. -M. Greneche (Université du Maine, France): Applications of Magnetic Nanostructures and Relevance of Mössbauer Spectrometry

September 4 (Tue.)

Session 6 Nanotechnology [10:20-11:50]

Invited Talk-29 (10:20-10:50)

J. Okabayashi (The University of Tokyo, Japan): Room-Temperature Ferromagnetism in Transition-Metal Co-Doped SnO₂

September 5 (Wed.)

Session 11 Mineralogy [10:20-12:05]

Invited Talk-30 (10:20-10:50)

C. Q. Jin (Institute of Physics, Chinese Academy of Sciences, China): The Pressure Induced Unusual Magnetic Phase Transition in Iron Pnictide Superconductors

September 7 (Fri.)

Session 18 Applications Using Synchrotron Radiation [10:20-11:20]

Invited Talk-28 (10:50-11:20)

J. T. Sage (Northeastern University, USA): Resonant X-ray Absorption by ⁵⁷Fe: A Site-selective Probe of Protein Structure and Elasticity
