Please click the following link to enable your account in 24 hour.

7. Click the link, The page will display your account was enable successfully.

7. Now, you are able to sign in MEDC directory with your new account.

User search author information

Description

User is allowed to search author information in a search author view. In the view, user will input search keyword to search. The search result will be showed in search result view. The search result only show the author summary information. The steps will be:

1. Type the MEDC directory URL <http://medc.dicp.ac.cn/directory/> to web browser.
2. Fill or select search keywords, then click the "Search" button to search. If you do not know how to search a affiliation, please refer Search affiliation.

The screenshot shows the MEDC directory search interface. At the top, there is a logo for the "Missbauer Direct Data Center" and a navigation menu with links for "Directory", "Database", "Journal", "Resources", "Services", "Contacts", and "ISIAME2012". Below the navigation is a breadcrumb trail: "Location: Home > Directory". The main search area is titled "Search Conditions" and contains several input fields: Surname, First Name, Given name, Occupation, Initials, Affiliation (with a search button), Street or P.O.B., Postal code, Town, Country (a dropdown menu currently showing "World"), Phone, E-mail, ResearchGate, Google Scholar, ORCID, ResearcherID, and Scopus. At the bottom, there is a "Fields" section with a list of checkboxes for various research areas: Archaeology and cultural heritage, Biology, medical and forensic applications, Catalysis, electrochemistry and corrosion, Chemistry, structure and bonding, Dynamics, inelastic scattering, and Earth sciences and mineralogy. At the very bottom of the search area are "Search" and "Clear" buttons.

PS: If you cannot find your affiliation, please send a mail to medc@medc.dicp.ac.cn.

3. The search result will be showed in search result view. The search result only show the author summary information.
